

2.3.1

A student is one of the important stakeholders of the college. All faculties of our college make planning at individual level for better teaching learning process. For this they use various student centric methods that ICT enable methodology experiential learning participative learning, problem solving methodology, group discussion, induction-deduction method, lecture based learning , Inquiry based method etc. But complicated topic in syllabus use ICT enable teaching Methodology.

For experiential learning, Industrial visit, study tour , field visit were organised by the department of Commerce, History, Economic & English these type of activities are useful for enhance experimental learning. In every year academic year commerce department visit the industrial estate in surrounding areas. The History department arrange study tour for participative teaching, faculties of various department uses Group discussion, Role play, seminar Presentation.
